

Global Perspectives Film Series

featuring
Fly Girls

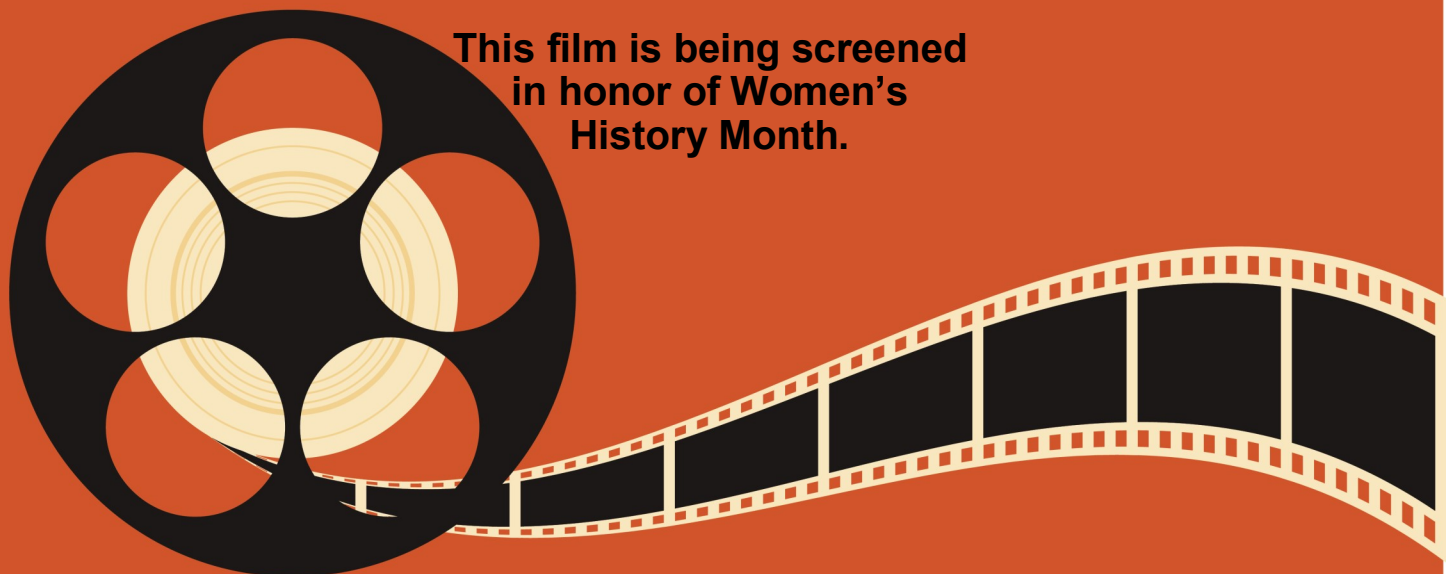

Thursday, March 1
Noon, ACB 240

At the height of World War II, more than a thousand women left their homes and jobs for the opportunity of a lifetime—to become the first female pilots to fly for the US military. Eager to prove themselves, they faced danger and discrimination, and 38 gave their lives for their country.

Drawing on archival footage, rarely seen home movies, and interviews with pilots themselves, this *American Experience* production tells the fascinating story of the Women's Airforce Service Pilots (WASP).

The WASP's contribution to American's war effort was invaluable, yet mostly forgotten. In ***Fly Girls***, the women of the WASP take wing once again, to tell their story of skill, determination, and courage.

Free pizza will be provided to the first 30 attendees!

**This film is being screened
in honor of Women's
History Month.**

This event is free and open to the public. No RSVP is necessary.
